Toronto, Canada • +1 (416) 856-1276 • [saber.ayatollahi@gmail.com](mailto:saber.ayatollahi@gmail.com) • [www.linkedin.com/in/sayatollahi](http://www.linkedin.com/in/sayatollahi)

## SUMMARY

VP, Portfolio Management, Investing & Oversight candidate with seven years across institutional investment-risk platforms, portfolio analytics, and model governance. At Moody's Analytics, holds delegated sign-off authority on valuation, sensitivity, and portfolio-level risk outputs for institutional client portfolios of \$5-25bn per engagement, and supported the migration of all assigned client accounts from a legacy platform (Calypso) to Moody's PFaroe platform. Translates investment-team requirements into technology delivery, working across investment, risk, and product/development stakeholders. CFA charter; dual MSc.

## CORE SKILLS

Institutional Investment-Risk Platform Delivery & Client Migration • Portfolio Construction & Asset Allocation (SAA/TAA) • Portfolio Analytics, Risk Decomposition & Attribution • Model Governance, Documentation & Benchmarking Standards • Independent Review, Auditability & Exception Escalation • Requirements Scoping for Product & Technology Teams • Cross-Functional Stakeholder Coordination & Communication • Client Onboarding & Implementation • Python (Advanced); SQL (Intermediate)

## EXPERIENCE

### **Moody's Analytics - Asset Management & Buy-Side Solutions**

#### ***Asst. Director - Modelling Services***

*Toronto, May 2023 - Present*

#### **Portfolio Analytics, Insights & Oversight**

- Holds delegated sign-off authority on valuation, sensitivity, and portfolio-level risk outputs delivered to multi-asset institutional client portfolios of \$5-25bn per engagement (~\$50bn+ cumulative), reviewing curve construction, spread calibration, and cross-asset interactions before production release.
- Reviews aggregation logic converting security-level exposures into portfolio-level risk metrics that feed downstream portfolio and reporting processes.
- Validates derivatives pricing outputs across rates, FX, and inflation, cross-checking sensitivity consistency at portfolio-level aggregates.
- Prepares analytical summaries for senior stakeholders on rate exposure, scenario impacts, and portfolio sensitivities, translating quantitative output into investment-committee-ready narratives.

#### **Model Governance, Auditability & Escalation**

- Serves on Moody's model governance committee, contributing to methodology review, documentation and benchmarking standards, and performance assessment for the firm's quantitative and valuation models used in client-delivered analytics.
- Operates within a formal model-governance framework covering independent review and challenge, assumption validation, and escalation of outputs lacking mathematical or economic defensibility; acts as escalation point for client-critical analytical issues with clients' Heads of Risk.

#### **Platform Workflows & Operational Efficiency**

- Re-engineered manual spreadsheet workflows into scalable Python analytics pipelines with embedded logging, validation, and auditability controls.
- Built agentic AI development workflows (Claude Code, Cursor IDE) automating code generation, validation scaffolding, and anomaly detection, cutting development cycle time an estimated 30-40% on comparable modules.
- Designed and implemented an enterprise multi-asset cash flow projection engine supporting base, stress, and reverse-stress scenarios across multi-year horizons.

## **Client Service Specialist**

*Toronto, May 2022 - May 2023*

### **Client Onboarding & Requirements Translation**

- Led onboarding and implementation for U.S. and Canadian pension funds, asset managers, and consulting firms migrating onto the PFaroe DB (risk analytics) and PFaroe PM (portfolio management) investment platforms.
- Acted as technical liaison between client investment teams and product owners, scoping requirements into structured development requests and validating model outputs post-deployment.
- Contributed to the successful migration of all assigned client accounts from the legacy Calypso platform to PFaroe PM.

## **Ernst & Young (EY)**

### **Senior Consultant - IFRS & Financial Risk Transformation**

*Toronto, Sep 2021 - Apr 2022*

- Delivered IFRS 17 and IFRS 9 technology-transformation projects for Canadian and international insurance clients, aligning regulatory requirements with system implementation and financial-reporting frameworks.
- Coordinated actuarial, finance, IT, risk, and program-management teams on milestone delivery; contributed to governance documentation and regulatory-readiness processes.

## **Ortec Finance Canada**

### **Consultant - Asset-Liability Management & Risk**

*Toronto, Feb 2019 - Sep 2021*

- Advised pension and institutional clients on Strategic Asset Allocation (SAA) and Tactical Asset Allocation (TAA) trade-offs through stress testing and sensitivity analysis.
- Performed asset-only and asset-liability portfolio optimization on VaR and CVaR using Ortec's GLASS platform, with risk decomposition, risk attribution, and near-optimal frontier analysis to test allocation robustness.
- Delivered ALM and liability-driven investment (LDI) studies for Canadian and international pension funds covering funding ratios, duration alignment, and liquidity trade-offs.
- Presented study findings and allocation recommendations on-site to investment committees at Canadian pension-fund clients.

## **EDUCATION & CREDENTIALS**

---

- Chartered Financial Analyst (CFA) - CFA Institute, 2024
- MSc, Financial Modelling - Western University, 2018
- MSc, Chemical Engineering (Full Scholarship) - Western University, 2016
